

HooGee Info 21st March 2020 briefly in English

The coronavirus has an effect on our daily lives. It is a good idea to follow the instructions received now, as we can certainly influence how long this situation will last. Here's information on how HooGee continues to operate:

So far, all joint exercises have been canceled and the time will show how long this will last.

**All exercises will be replaced by distance training.**

This means that our coaches make a two-month plan (if the corona situation continues after that, then another 2 months, etc.) so that each plan is always for two age groups, both girls and boys. Each of the two age groups has a designated coach who is responsible for performing these exercises during the time period.

**Fees**

-The club membership fee and operating fees continue to be normal for the time being (Club membership fee 2020, \$ 45, charged in January or when player joins, club activity fee 1/2020, \$ 145, charged in January or when player joins, club activity fee 2/2020, \$ 145, will be charged in June 2020. More information about the payment criteria can be found on HooGee's website at [hoogee.com](http://hoogee.com) -> jäsen ja toointamaksu

- Team payments will continue normally through March.

- Team fees will be reduced starting April 1, 2020. All junior team members will be charged 20 € / player / month (teams P2014 and T2013-14, 10 € / player / month, payment will remain unchanged).

\* In addition, we hope that as many people as possible pay a standard monthly fee due to the general situation described below, so that we can guarantee that the club's monthly salary coaches can remain in work even after this exceptional situation has ended.
